<b>Science</b>	<p><b>Working scientifically</b>  <b>Links to the statutory programme of study:</b></p> <ul style="list-style-type: none"> <li>• Can they ask simple questions, recognising that they can be answered in different ways?</li> <li>• Can they observe closely, using simple equipment?</li> <li>• Can they perform simple tests?</li> <li>• Can they use their observations and ideas to suggest answers to questions?</li> <li>• Can they gather and record data to help in answering questions?</li> </ul> <p><b>Non-statutory notes &amp; guidance:</b></p> <ul style="list-style-type: none"> <li>• Can they observe &amp; identify changes in plant growth throughout the year e.g. in the school garden?</li> <li>• Can they record the changes that they identify?</li> <li>• Can they raise questions about &amp; set up a comparative test to find out what plants need to stay healthy?</li> <li>• Can they set up a comparative test to show that plants need both light and water to remain healthy?</li> </ul> <p><i>Some topics require children to 'make observations and notice changes over time. The provision for these topics often requires an earlier start than the term which has been designated for delivery. In year 2 those topics are: animals including humans &amp; plants.</i></p> <p><b>This topic requires planning for making observations throughout the school year.</b></p> <p>A suggested learning journey re making observations over time is:</p> <p>Set up observations early on during the school year by showing the children a couple of photos or a You Tube video, illustrating the effects of the passing of time in relation to the focus phenomena e.g. two pictures of the school grounds, one taken during late autumn and the other in late spring. Use these as the basis for a session raising scientific questions to be investigated. With the children's involvement, identify 2 or 3 questions to focus upon to explore further. Designate a display board on which to capture observations over a period of time e.g. throughout the school year. Collect observations, children's drawings and observation notes (e.g. of birds and animals seen) and photographs throughout the year and display these on the display board in sequence. Involve the children in collecting the data/observations relating to the phenomena to investigate, contrast and compare, noting the significant changes. Pull together observations/learning in order to determine what has been found in relation to the children's initial questions. Mini plenaries could be held towards the end of each term noting any significant changes throughout the previous half term and prompting children to wonder about/predict what will happen next.</p> <p><b><u>Plants continued</u></b>  <b>(The plants that were planted in term 4 will now be partially grown.)</b></p> <ul style="list-style-type: none"> <li>• Can they describe what plants need to survive?</li> <li>• Can they observe and describe how seeds and bulbs grow into mature plants?</li> <li>• Can they record and measure the growth of their plants?</li> </ul>					

	<ul style="list-style-type: none"> <li>• Can they find out &amp; describe how plants need water, light and a suitable temperature to grow and stay healthy?</li> <li>• Can they describe what plants need to survive and link it to where they are found?</li> <li>• Can they explain that plants grow and reproduce in different ways?</li> </ul>
<b>History</b>	<p><i>Possible starting point / stimulus: A selection of seaside postcards past and present Pictures/music depicting the rides at a seaside funfair past &amp; present</i></p> <p><b><u>Seaside Holidays 1950s/present and (some reference to Victorian times)</u></b></p> <ul style="list-style-type: none"> <li>• <b>Can they sequence a set of objects or pictures in chronological order and give reasons for their order?</b></li> <li>• <b>Can they give examples of things that are different in their life from that of:</b>* their grandparents when they were young?* a long time ago in a specific period of history such as the Victorian times?</li> <li>• <b>Can they use the words ‘past’ and ‘present’ accurately?</b></li> <li>• <b>Can they use a range of appropriate words and phrases to describe the past?</b></li> <li>• Can they use words and phrases like: before I was born, when I was younger?</li> <li>• Can they use phrases and words like: ‘before’, ‘after’, ‘past’, ‘present’, ‘then’ and ‘now’; in their historical learning?</li> <li>• Can they say at least two ways they can find out about the past, for example using books and the internet?</li> </ul> <p><b>Historical Enquiry</b></p> <ul style="list-style-type: none"> <li>• <b>Can they research about a popular event that happens in Britain and why it has been happening for some time?</b></li> <li>• <b>Can they compare and contrast an event</b> from the 1950s with an event in Victorian times and identify what changed e.g. The Great Exhibition: 1851 &amp; The Festival of Britain: 1951</li> <li>• <b>Can they raise questions about the differences between life today and in the past?</b></li> <li>• Can they find out something about the past by talking to an older person?</li> <li>• Can they answer questions by using a specific source, such as an information book?</li> <li>• Can they research the life of a famous Briton from the past using different resources to help them?</li> <li>• Can they research the life of someone who used to live in their area using the Internet and other sources to find out about them?</li> </ul>
