

No School

I do not have school today.

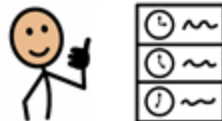

I will stay home.

School is closed so that I can stay safe.

I am used to going to school. When I stay home, my schedule is different and that is ok.

I might feel sad, anxious, or bored because of the change.

At home, I will do work that is sent from school.

I will work hard and my family will be proud.

When I go back to school, I will show my teacher my work.

My teacher will be proud.

I will be back to school soon to see my teachers and friends.
